

# Timing, Training & Racing – All In One

**Performance Stopwatch**  
**Race Meet System**  
**Training Material**  
(For v6.01+ firmware)

**auto**coach

“Freedom to coach and assess performance  
without the burden of being a time-keeper” --IAN POPE

1. "Watch" (Stopwatch measurement)
2. "Speed" (Velocity measurement)
3. "Splits" (Split time review)
4. "Beep Test" (Fitness Test)
5. "PTest" (Pace Test)
6. "Pace" (Pace training)
7. "Interval" (Interval training)
8. "Set Up" (9 different functions)
9. "Group" (2 lane race group timing)
10. "Race" (Race starter, 2 lane timing, Select sport)
11. "Memory" (Results review)

### Sport Selection Operation

(In "Race" mode)

Unlock + rotate right dial to select start method

Str Type	Features	Sport
Single	Final time without any intermediate splits	Swimming
Splits	Cumulative time splits	Swimming
Athletes	Gun noise start	Track and field
Distance	Cumulative times for distance	Cross country & Open water

## Setup Menu List

Item	Options	Description
Spacing	5s 7.5s 10s 12.5s 15s	Start Interval
Course	25Y 25M 33Y 50Y 50M 55Y 25ST 100M 200M 400M	Course Length
Lanes	0...9 9...0 1...10 10...1	Pool Lanes Type
Starts	Normal Over Top Str Nrm Str Top Str Man	Race Starting Method
Time Adj	(current time)	Set Time Offset
Channel	11-26	Set Radio Channel
Rate count	1 2 3	Rate Cycle Count
Beep type	Count Strtr Beeps	Beep sound type
PTst Stp	0s 0.5s 1s 1.5s 2s 2.5s 3s 3.5s 4s 4.5s 5s	Pace Test step

	Race Start	Dual lane timing	Exit whistle
Normal	√	√	√
Over Top	√	√	×
Str Nrm	√	×	√
Str Top	√	×	×
Str Man	Referee whistle	×	×

### Setup Mode Operation (In "Setup" mode)

1. Rotate **left** dial to "Item"
2. Rotate **right** dial to select "Options"
3. Long press **right** dial to store the selection

## General Operation

On/ Off	Unlock+ press right dial (3sec)
Change Mode	Unlock+ rotate left dial
Reboot	Hold left & right dials together (10sec)

## Time Call

Spoken time	Rotate right dial fully
-------------	-------------------------

## Two Way Radio

Talk / PA	Press talk button
Select PA target	Press talk button+ rotate right dial
<ul style="list-style-type: none"> <li>All</li> <li>Speakers only</li> <li>Watches only</li> <li>Athletes</li> </ul>	<ul style="list-style-type: none"> <li>Talk to every Autocoach device</li> <li>Class PA</li> <li>Coaches</li> <li>Currently not in use</li> </ul>

# autocoach: Watch Mode Operation

Short press right dial	Start a stopwatch
Short press right dial	Lap split
Short press left dial	Start / stop rate measurement
Long press right dial	Stop an active stopwatch

Swim	Stroke rate, distance per stroke, stroke index
Athletics	Stride rate, distance per stride

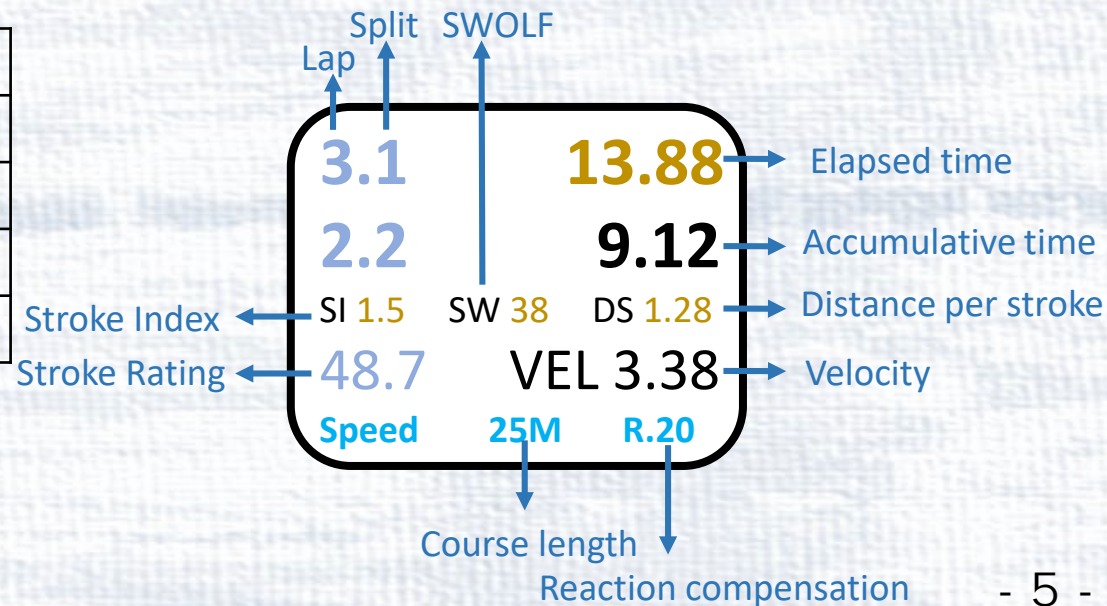

## Speed Mode

### Select **Setup** mode

1. Rotate left dial to	"Course"
2. Rotate right dial to	<ul style="list-style-type: none"> <li>• 25Y</li> <li>• 25M</li> <li>• 33Y</li> </ul> 2 splits per lap (e.g. 1.1, 1.2, 2.1, 2.2 ...) <ul style="list-style-type: none"> <li>• 50Y</li> <li>• 50M</li> <li>• 55Y</li> </ul> 4 splits per lap (e.g. 1.1, 1.2, 1.3, 1.4, 2.1, 2.2 ...)
3. Long press right dial to store the selection	

### Select **Speed** mode

Short press right dial	Start a stopwatch
Short press right dial	Lap split
Short press left dial	Start / stop rate measurement
Long press right dial	Stop an active stopwatch
Rotate left dial	Select split to display

# autocoach: Results Analysis

If using **Watch** mode or **Race** mode

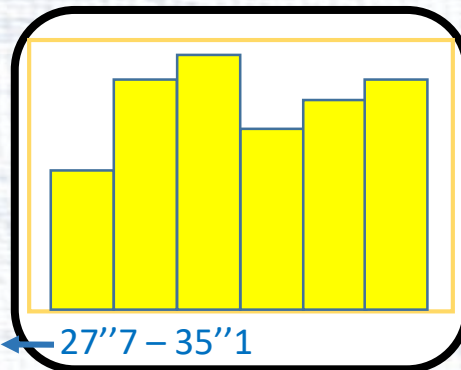

If using **Speed** mode

Select **Split** mode

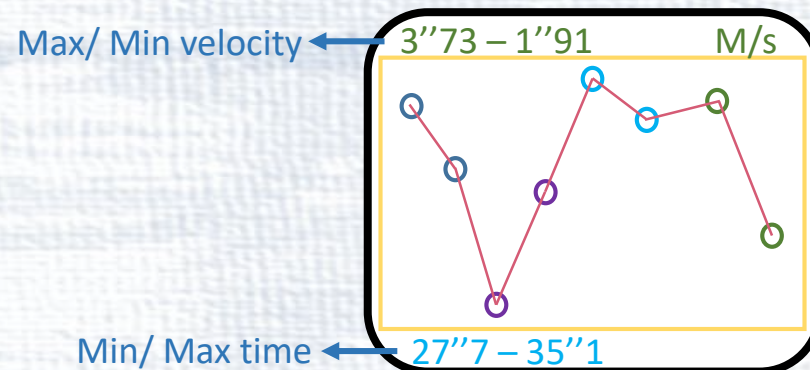

100%      09:10:30  
**Speed**      Lap      2 of 4 → Current/Total lap (rotate left dial to select)  
 Spl :      [11''93] → Lap time  
 Acc :      25''64 → Accumulative time  
 Split velocities (only for Speed Mode) ← 2.66 1.56  
 Stroke Rate ← **Rate** 53.4      **SI** 2.1 → Stroke index  
 Course length ← 25M      Lane 0 → Lane number  
 Splits      Right → Left/right lane  
 (short press left/ right dial to select)

Select **Graph** mode  
 (activated after more than 2 laps of results have been recorded)

**Time graph**

**Velocity graph**

# autocoach: Interval Training

Select **Interval** mode:

Select interval time	Unlock + rotate right dial
Race starts: "Take your mark" → (randomized time delay) → Beep every interval	Short press right dial 5 seconds prior to commence the interval
Beep starts: Repeat "8, 9, Go" every interval	Short press left dial 5 seconds prior to commence the interval
Stop the interval	Long press right dial
Pause the training (timer keeps running but beep is muted)	Long press left dial

## Select **Setup** mode

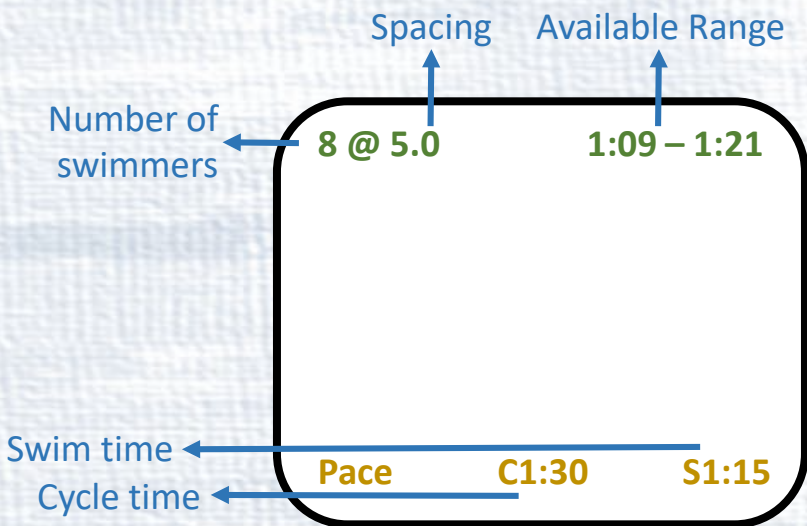

Rotate left dial to	Spacing	Beep Type
Rotate right dial to	<ul style="list-style-type: none"> <li>• 5s</li> <li>• 7.5s</li> <li>• 10s</li> <li>• 12.5s</li> <li>• 15s</li> </ul>	<ul style="list-style-type: none"> <li>• Strtr</li> <li>• Beeps</li> <li>• Count (for interval mode)</li> </ul>
Long press right dial to store the selection		

## Select **Pace** mode

Select target swim time (e.g. S1:15) and cycle time (e.g. C1:30)	Rotate left dial will change both "C" and "S" Press unlock and rotate right dial will change "S" separately
Select max number swimmers in any lane	Rotate right dial
Measure split times of each lane	Short press left/ right dial after start
Stop training	Long press left dial

# autocoach:

## Pace Training

Action	Short press left dial	Short press right dial
Beep Type		
Strtr	"Take your marks" ... Beep!	"Take your marks" ... Beep!
Beeps	"Lap 1.1" ... Start Beep! "1.2" ... Start Beep! ...	"Lap 1.1" ... "Go!" "1.2" ... "Go!" ... - 8 -

# autocoach: Race Practice

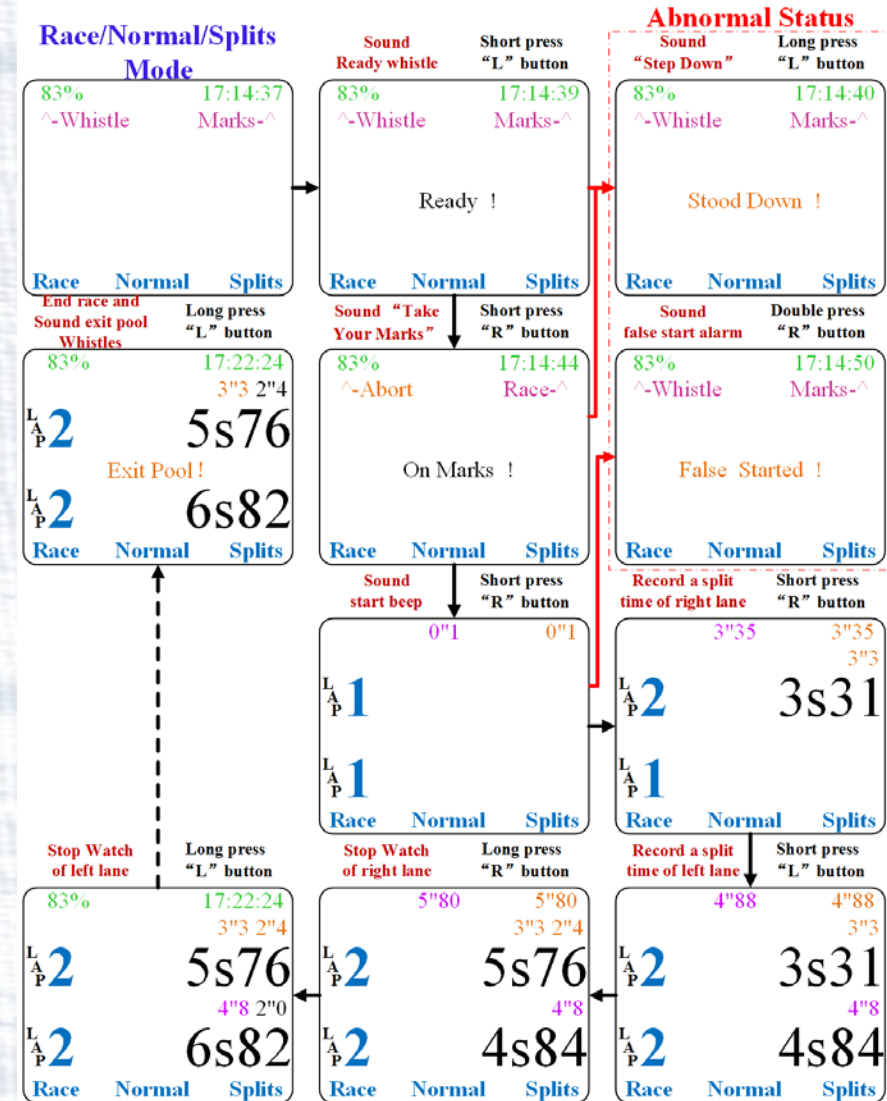

## Select Setup mode

1. Rotate left dial to	“Channel”	“Start”	“Course”
2. Rotate right dial to	11 – 26 (same as speaker/ LED)	Normal	<ul style="list-style-type: none"> <li>• 25M</li> <li>• 50M</li> </ul>
3. Long press right dial to store the selection			

## Select Race mode

Unlock + rotate right dial to select start method as “Splits”

1. Short press left dial → Sound start whistle
2. For backstroke: press again to sound second whistle
3. Short press right dial → “Take your marks”
4. Second press right dial → Start beep
5. Splits Mode: Short press left/ right dial → left/ right lane splits
6. Long press left/ right dial → Final time of each lane
7. Long press left dial when timing inactive → Exit whistle

# autocoach: Race preparation

For example: 8 lane operation, "Str Nrm" master

- 1 **Starter stopwatch** → setup "Str Nrm" → operate in "Race" mode (starter stopwatch)
- 4 **Timing stopwatches** → "Group 0"... "Group 3" → operate in "Group" mode (timing stopwatch)
- 4 **LEDs** setup as "Group 0"... "Group 3" or a large scoreboard
- 2 **Speakers** setup as "Group 0"

Starter  
("Race" mode)

Timing  
("Group" mode)

LEDs

Speakers  
("Group 0")

# autocoach: Race preparation

For example: 8 lane operation, "Nrm" master

- 1 **Starter stopwatch** → setup "Nrm" → operate in "Race" mode (starter stopwatch)
- 3 **Timing stopwatches** → "Group 1"... "Group 3" → operate in "Group" mode (timing stopwatch)
- 4 **LEDs** setup as "Group 0"... "Group 3" or a large scoreboard
- 2 **Speakers** setup as "Group 0"

Starter & Timing  
("Race" mode)

Timing  
("Group" mode)

LEDs

Speakers  
("Group 0")

# autocoach: Race setup...continue

## Speakers

Long press rear dial	Turn on		
Long press front dial	Turn off (cannot turn off if race is in progress)		
Rotate front dial	Adjust volume		
1. Rotate rear dial to	“Normal”	“Channel”	
2. Rotate front dial to		System operation channel	
3. Long press rear dial to store the selection within 3 seconds of adjustment			

## LEDs

Long press lower dial	Turn on		
Long press upper dial	Turn off (cannot turn off if race is in progress)		
Rotate upper dial	Adjust brightness		
1. Rotate lower dial to	“Normal”	“Channel”	“Group”
2. Rotate upper dial to		Operation channel	Desired group which corresponds to stopwatch lane pair
3. Long press lower dial to store the selection within 3 seconds of adjustment			

# autocoach: S (swimming) or A (athletics)

## Starter Stopwatch

Details and operation see p.p.1

Details and operation see p.p.2

<i>In "Race" mode</i>	Single	Splits	Athletes	Distance
<i>In "Setup" → Start</i>				
Normal	S	S	A	S, A
Over Top	S	S		
Str Nrm	S	S	A	S, A
Str Top	S	S		
Str Man	S	S	A	S, A

*In "Setup" mode*

<b>Course</b>	S	25Y, 25M, 33Y, 50Y, 50M, 55Y
	A	100M, 200M, 400M (need to reset course length upon each race completion)
<b>Lane</b>	S	0 ... 9, 9 ... 0, 1 ... 10, 10 ... 1
	A	1 ... 10, 10 ... 1

All the Autocoach devices (stopwatches, LEDs, speakers) must be set to the same channel

## Race setup

Starter stopwatch and Timing stopwatches  
In "Setup" Mode

1. Rotate left dial to	"Channel"
2. Rotate right dial to	11 – 26 (ensure same channel as speakers and LEDs)
3. Long press right dial to store the selection	

Timing Stopwatch  
In "Group" Mode

Unlock + rotate right dial to select timing stopwatches to "Group 0" (first lane pair), "Group 1" (second lane pair), etc.

## Race Operation Swimming – Str Nrm Splits

1. Short press left dial → Sound start whistle
2. For backstroke: press again to sound second whistle
3. Short press right dial → “Take your marks”
4. Second press right dial → Start beep
5. Splits Mode: Short press left/ right dial → left/ right lane splits
6. Long press left/ right dial → Final time of each lane
7. Long press left dial when timing inactive:
  - Normal Mode → Exit whistle
  - Over the Top → Finalize the race but will not sound to swimmers

### Abort a race: (prior to race starting)

- Long press left dial → “Stand Down”

### False start: (race has started)

- Double press right dial → “False Start”
